EXPERIENCE

Snapbrillia, San Francisco CA — Web Developer Intern

DECEMBER 2021 - PRESENT

- Created reusable React components for the application redesign
- Connected various React components to the MongoDB/Express backend
- Collaborated closely with designers to create views based on wireframes
- Implemented Test Driven Development, unit testing with React Testing Library, Jest, and Enzyme
- Excelled in an Agile Scrum environment, attending daily meetings discussing potential updates, blockers, and questions

Raley's, Windsor CA — Grocery Clerk

FEBRUARY 2020 - JANUARY 2022

- Fill, face, and rotate items as needed from exterior to interior
- Identify expired products using Date Check Pro
- Replace store tags with their new price/date by identifying the UPC

EDUCATION

Windsor High School, Windsor CA

AUGUST 2018 - JUNE 2021

- 3.6 GPA maintained throughout, 3.8 GPA senior year
- Participated in digital arts, media, and entertainment centered classes
- Black student union member, basketball team

PROJECTS

Dunker

<https://dunker.vercel.app/>

Basketball application that includes live player, and team stats as well as news and NBA related quizzes. Created using React, Express, and MongoDB.
